

I am asking that you keep the New Jersey Do Not Call List the way it is. Please do not make any changes to it that will allow these people once again to call and disrupt our lives. If I need to speak to a company that I have done business with I will call them, If I want to subscribe to a news paper or magazine I will contact them, if I want to donate to a orginazation, or other group I will contact them and do it. I do not need these people calling and bothering me. Again PLEASE KEEP NJ's DO NOT CALL LIST THE STRONGEST IN THE NATION.
